TECHNICAL SKILLS

- Programming: C, C#, Python, Java, JavaScript, PHP
- Web Development: HTML, CSS
- Database: SQL
- Software Development Concepts
- Problem Solving
- Team Collaboration

LANGUAGES

- English (Fluent)
- Arabic (Native)
- Turkish (Basic)

PROFILE

Motivated Computer Engineering student currently studying at Karabük University, seeking a Summer 2026 internship opportunity in Riyadh. Strong foundation in programming, web development, and databases, with hands-on academic and personal project experience. Eager to contribute, learn quickly, and gain practical industry experience.

PROJECTS

Library Book Store Website 2026

- Developed a full-stack library and bookstore platform using PHP and MySQL featuring secure authentication with password hashing, a complete relational database, shopping cart functionality, preorder services, and online borrowing and purchasing systems.
- Technologies: PHP, MySQL, HTML, CSS, JavaScript

Teknofest AI Oncology Project 2026

- Contributing to an AI-based oncology project focused on analyzing real patient medical data and genetic information. The system studies gene patterns, identifies genes associated with specific cancer types, and helps discover targeted treatment approaches for affected genes. Participating in development, data processing, and healthcare innovation using artificial intelligence.

Study Manager Website (In Progress) 2026

Designed and developing a website to help students organize schedules, tasks, and study plans.

EDUCATION

Bachelor's Degree in Computer Engineering 2024-2028
Karabük University
Expected Graduation: 2028
